Explanation

The business process bar in Microsoft Dynamics CRM Leads and Opportunities is a very useful tool for tracking where your sales revenue generating opportunities are in the sales cycle. If you are looking to modify the existing sales stages (Qualify, Develop, Propose and Close), that is simple enough. You just need to have a system administrator or system customizer role. Go into the Customizations area and click on the Option Sets. The Stage Category is the Option Set record we're looking to update.
