NEW QUESTION: 1
Which of the following is the BEST mechanism to determine the effectiveness of the incident response process?

A. Periodic auditing of the incident response process
B. Action recording and review
C. Post incident review
D. Incident response metrics
Answer: C
Explanation:
Explanation
Post event reviews are designed to identify gaps and
shortcomings in the actual incident response process so that
these gaps may be improved over time. The other choices will
not provide the same level of feedback in improving the
process.
