Note:
Configure app requests and SharePoint Store settings
Farm administrators can determine whether users can purchase
apps from the SharePoint Store. This setting is at the web
application scope. If users cannot purchase apps, they can
still browse the SharePoint Store, and request an app. Farm
administrators and the App Catalog site owner can view and
respond to app requests.
To configure SharePoint Store settings
1. Verify that the user account that is performing this
procedure is a member of the Farm Administrators group.
2. In Central Administration, on the Apps page, in the
SharePoint and Office Storesection, click Configure Store
Settings.
3. On the SharePoint Store Settings page, verify that the
selected web application is the web application that you want
to configure. If you want to switch to a different web
application, click the down arrow next to the web application
URL to change to a different web application.
4. To allow or prevent purchases, select an option for Should
end users be able to get apps from the SharePoint Store?
Select Yes to allow users to purchase apps.

Select No to prevent purchases but allow users to request apps.

5. To allow or prevent apps for Office from the Office Store to

be started when a user opens a document in the browser, select an option for Should apps for Office from the store be able to start when documents are opened in the browser?
