NEW QUESTION: 1
Your company has a Microsoft Exchange Server 2019 hybrid deployment.
Users in the advertising department and the editorial department of the company have mailboxes in Exchange Online.
A company policy requires that the advertising department users and the editorial department users be segmented based on the following requirements:
The advertising department users must not see the editorial department users in the global address list (GAL).
The editorial department users must not see the advertising department users in the GAL.
The editorial department users must be treated as external recipients of the advertising department users.
The advertising department users must be treated as external recipients of the editorial department users.
You need to recommend a solution that meets the requirements

and minimize costs and effort.
What should you recommend?
A. Migrate all the mailboxes of the advertising department to the on-premises organization, and then enable address book policy (ABP) routing.
B. Create two address book policies (ABPs) in Exchange Online, and then enable ABP routing for the Exchange Online tenant.
C. In the Exchange Online tenant, create separate address book policies (ABPs) for the advertising and editorial departments.
D. Purchase an additional Microsoft 365 subscription, and then migrate all the mailboxes of the advertising department to the new subscription.
