Answer: A

NEW QUESTION: 2

You need to gain approval to begin moving your company's data and systems into a cloud environment.

However, your CEO has mandated the ability to easily remove your IT assets from the cloud provider as a precondition.

Which of the following cloud concepts would this pertain to?

- A. Extraction
- B. Portability
- C. Removability
- D. Reversibility

Answer: D

Explanation:

Explanation/Reference:

Explanation:

Reversibility is the cloud concept involving the ability for a cloud customer to remove all of its data and IT assets from a cloud provider. Also, processes and agreements would be in place with the cloud provider that ensure all removals have been completed fully within the agreed upon timeframe.

Portability refers to the ability to easily move between different cloud providers and not be locked into a specific one.

Removability and extraction are both provided as terms similar to reversibility, but neither is the official term or concept.
