After you answer a question in this scenario, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.
You are the administrator for a company. All devices run Windows 10 Enterprise and are members of the Adatum.com domain. All drives on the devices are formatted with the NTFS file system and have the default permissions assigned. You have a device which is used by multiple users and stores information for a specific project. The project team members are members of a group named ProjectX.
The system is also used by other people that are not members of the ProjectX team. All files for ProjectX are stored in a folder with the path E:\ProjectX.
You have the following requirements:
*Only members of the ProjectX group must have all permissions on the folder and all of the files in it.
*ProjectX members should not be granted any specific rights to any other folders.
You need to meet the requirements.
Solution: You disable inheritance on the E:\ProjectX folder and specify the Copy option. You assign the Full Control permission to the Project X group.
Does the solution meet the goal?
