Explanation:

*Scenario:

/ All changes to Group Policies must be logged.

/ Administrators in the Paris office need to deploy a series of desktop restrictions to the entire company by using Group Policy.

*Microsoft Desktop Optimization Pack

Windows Vista Enterprise helps global organizations and enterprises with complex IT

infrastructures lower IT costs, reduce risk, and stay connected. The Microsoft Desktop

Optimization Pack for Software Assurance further extends this value by reducing

application deployment costs, enabling delivery of applications as services, and allowing for

better management and control of enterprise desktop environments. Together these

technologies deliver a highly cost-effective and flexible Windows desktop management

solution.

What is the Microsoft Desktop Optimization Pack?

The Microsoft Desktop Optimization Pack (MDOP) for Software Assurance is an add-on subscription license available to Software Assurance customers. It uses innovative technologies to help reduce the total cost of ownership (TCO) of the Windows desktop by accelerating operating system and application management and enhancing IT responsiveness and end-user uptime.

It will enable you to better control the desktop, accelerate and simplify desktop deployments and management, and create a dynamic infrastructure by turning software into centrally managed services. MDOP facilitates accelerated deployment and manageability of Windows through these innovative technologies- available only to Windows Software Assurance customers.
