NEW QUESTION: 1

You need to configure security for the Vendor Exclusion List report.

What are two possible ways to achieve this goal? Each correct answer presents a complete solution.

NOTE: Each correct selection is worth one point.

- A.** Create a new security policy and add an output menu item. Add the new security policy to duty extension and then to a role extension.
- B.** Create a new privilege extension and add an output menu item. Add the privilege to a duty extension and then to a role extension.
- C.** Create a new privilege and assign it to an output menu item. Add the new privilege to a duty extension and then add the duty extension to a role.
- D.** Create a new privilege, add a reference to an output menu item, and then add the new privilege to a role.

Answer: C,D

NEW QUESTION: 2

Emergency actions are taken at the early stage of a disaster with the purpose of preventing injuries or loss of life and:

- A. reducing the extent of operational damage.
- B. determining the extent of property damage.
- C. ensuring orderly plan activation.
- D. preserving environmental conditions.

Answer: A

Explanation:

During an incident, emergency actions should minimize or eliminate casualties and damage to the business operation, thus reducing business interruptions. Determining the extent of property damage is not the consideration; emergency actions should minimize, not determine, the extent of the damage. Protecting/preserving environmental conditions may not be relevant. Ensuring orderly plan activation is important but not as critical as reducing damage to the operation.

NEW QUESTION: 3
