Answer: C

NEW QUESTION: 2

The power a nurse exerts when he or she works to accomplish goals and effect change in an agency or in policy is considered what type of power?

- A. political

- B. professional
- C. positional
- D. personal

Answer: A

Explanation:

Political power results from one's ability to work within systems, agencies, or through policy to affect change. Personal power is based on one's charisma and self-confidence and is often found in informal leadership situations. Positional power is based on designated authority in a legitimized position within which the power is exercised. Professional power is based on one's professional skills and abilities resulting from one's recognized expertise in an area of practice. Coordinated Care
