B. Add a service reference to the router service. In the client binding configuration, specify the address of the target service.

C. Add a service reference to the router service. In the client binding configuration, specify the address of the router service.

D. Add a service reference to the target service. In the client binding configuration, specify the address of the router service.

Answer: D

NEW QUESTION: 3

In some cases, contract termination refers to_____

A. Certification of receipt of final payment

B. Contract closeout by mutual agreement

C. Contract closeout by successful performance

D. Contract closeout by delivery of goods or services

Answer: B

Explanation:

A contract can end in successful performance, mutual agreement, or breach of contract. Contract closeout by mutual agreement or breach of contract is called contract termination. [Closing]
